There is only one vegetarian curry recipe, two chicken curry recipes and 8 Indian sweets recipes inside this book. No index of recipes or pictures. The price of this book is really not that much so I wasn't expecting a lot but at least more than 3curry recipes. I would rate it 0 if I could. Don't waste your money, spend a few more dollars and order something else.0 of 0 people found the following review helpful. Yummy!By

But the recipes that are in the book they love especially when they didnt think of them first. The recipes they have tried already they absolutely love them.
