the following review helpful. Confused!By RylsngdSo you start off writing that good pizza dough requires bread or pizza flour. Then the first dough recipe, for New York style pizza no less, is using all purpose flour. And then for the god awful sounding spaghetti pizza there is American cheese in the ingredient list, yet not used(thank goodness). I got this merely from skimming the text, and don't feel inclined to read deeper. Glad I was able to check it out for free.
