Ivor Peters : The Urban Rajah's Curry Memoirs before purchasing it in order to gage whether or not it would be worth my time, and all praised The Urban Rajah's Curry Memoirs:

2 of 2 people found the following review helpful. A wonderful book with a personal touch By amin polanii just bought this book from Kinokuniya store in Dubai. it is a story of how Pakistani and Indian food can have distint story linked to them and they quite common between families. it reminded me of the good old days in the street of Karachi and type of food you just crave for when you are outside and away from family and friends. Still going thourgh the book to

find my favourite recipes as they all look to be better than the other.

Bursting with delicious recipes and stunning illustrations, this is a food memoir like no other. Packed full of inspiring stories and generations-old recipes, this book opens the door into a world of family cooking that will teach readers how to cook delicious curry in their own homes. So put down that jar of low-fat chicken tikka masala, rip up your takeout menu, and let Ivor lead you through a journey of spice that will leave you reveling in color, yearning for the delicate smells of cardamom and cinnamon, and desperate to tear a chapatti to shreds and plunge it into a curry feast of your own making. Includes metric measures.

This beautiful cookbook doesn't just contain your regular Ruby Murrays - it's a mesmerising journey that tells the story about how the exotic flavours of India became one of the UK's most treasured institutions. You may as well recycle your stack of takeaway menus and jars of supermarket sauces. * Now Magazine * About the Author Ivor Peters has spent the past two decades working in the media industry, publishing, PR, and advertising; most recently as the creative director for a film/video production company. He also runs a pop-up restaurant, Cash 'n' Curry, raising funds for projects helping India's street children, and runs a blog.
