From Brand: Wilton Enterprises : The Wilton Way of Cake Decorating (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wilton Way of Cake Decorating (Volume 2):

0 of 0 people found the following review helpful. Wilton Way of DecoratingBy JoanneI love all the Wilton books. It is a shame that they stopped making the books. No calendar that they make replaces the books. These are a treasure trove of so many different skills that people are paying instructors to teach and it is all here and more!0 of 0 people found the following review helpful. Another great Wilton cake book.By pattiThis is another great reference book on cake decorating that includes various international methods of cake decorating. This book has a wonderful section that covers how to create icing flowers for all 50 states in the USA. In addition it covers use of piping tubes, gum paste, candy making and has a wonderful selection of photos of decorated cakes that give you great ideas.I bought all three volumes of "The Wilton Way of Cake Decorating" and I like each one of them.0 of 0 people found the following review helpful. This book has some really good Idea's and I really do like this book I ...By Brenda HarfordThis book has some really good Idea's and I really do like this book I can got some different Idea's from it. There is some good on how to do different flowers and designs. Thank you

This unique and beautiful book was planned for those who love cake decorating and the opportunities it offers for creative self-expression. It explores decorating's long and honored past, then shows how this craft, mastered and perfected, can become as art form.The Wilton Way Volume 2, starts with an exploration of imaginative American

techniques that open new horizons to decorators. The special love American decorators have for flowers is the subject of two chapters. The first is devoted to the fifty flowers of the fifty states-many never before achieved in icing. The second is given to the rose-best loved flower of every decorator in the world. 23 varieties and how to pipe them are shown. Wild roses, tea roses, "old" roses, even reproductions of roses that grew in Marie Antoinette's garden. Each is displayed on a beautiful cake.
