Rosemary George : The Wines of Chablis and the Yonne before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wines of Chablis and the Yonne:

It's written well, has some good information and everything, but its hard to gain a lot from a wine book that hasn't been updated to reflect the changes of the last 30-odd years.

The first book devoted to this important white burgundy. includes a history from the Romans, methods of vinification, viticulture, marketing and vintages from the past 100 years.
