the household. But the dessert recipes outstanding and I love Quiche and about 3 at least different versions of that for the mini-ones which are great for the bridge luncheon of about 4. This is most definitely one you will be using all the time!4 of 4 people found the following review helpful. A darling book with delicious recipes. I love this bookBy Neese ArtI love this book. I bought the mini cheesecake pan because of the minis on the front cover of this book. They came out great. I host high tea every other month and the recipes and the elegance in which they are presented are fabulous. I am ordering their newest book as well. If you love Tea Time Magazine then this book is an added treasure. If you don't like or have never been to a social tea, then this book will give you great ideas of dishes to make and take to any gathering.

This collection of tiny bites and delectable treats will delight even the most discriminating tastes. Within the 144 pages of Tiny Book of Tea Treats there are more than 50 recipes for small-bite appetizers, sweet party food, and refreshing teas.
