I have a Salton Snackmaster/Sandwich maker that I haven't used in ages, as well as a pie iron, and Toastie Heaven will work with both of them.The recipes look interesting, and there are a lot more recipes for a modest price than a New Zealand book that was double the price and really just a pamphlet.There are a lot of nice tips as well, and although there isn't a recipe for Toastie Pizza, there is a recipe for a very small batch of pizza dough suitable for toasties. It's well-written and entertaining as well. I've only tried the egg sandwich toastie so far, and that worked well, although it was cooked a bit more than I wanted. I'm going to try a slightly different method and see how that works.The recipes are British, not American so you have to know what things like aubergines, courgettes, and salad cream are.
