Babita Taneja, Win Dulai : Traditional Indian Curry in a Hurry before purchasing it in order to gage whether or not it would be worth my time, and all praised Traditional Indian Curry in a Hurry:

1 of 1 people found the following review helpful. Easy To Make Indian FoodBy Classic Book LoverI LOVE this book. I had bought a different Indian cookbook previously which took way too much time to prepare and cook the recipes. In this book I didn't find that at all. AND they give many of the recipes that you would eat at Indian restaurants, including the desserts. They also note what side items would go with each dish. Everything is well explained for someone who knows nothing about Indian cooking.0 of 0 people found the following review helpful. Good Results, EasilyBy HildegardThese recipes are easy to follow and yield tasty results. They also are a good way to learn the basics of Indian cooking.1 of 1 people found the following review helpful. wonderful first Indian cookbookBy SharonThis was my first purchase of an Indian cookbook. The recipies are very easy to follow, take very little time to make and taste great. The red kidney bean curry is especially good. The introduction gives great basic information on Indian spices and tips for cooking. The book has given me confidence to try more involved Indian cooking. You cannot go wrong with this book if you are a beginner to the art of Indian cooking.

Book by Taneja, Babita, Dulai, Win
