By Another Customer Being quarter Lao and living far from my relatives sucks, when I get cravings for certain snacks and meals I have no one to rely on but my own kitchen. I am sad that there aren't more Lao cookbooks but I think this one is the best I have so far. 1 of 3 people found

the following review helpful. great! authenticBy eddieIf you're looking for an authentic cookbook. This is it. If you're looking for an authentic cookbook with pictures. This is not it. The recipes are amazing. I'm Laotian myself and some of the recipes are new to me. Can't wait to try!5 of 8 people found the following review helpful. yummyBy M. VongsavathI love this book very very useful... many many many recipes!!!!!! I know I can call my mom for recipe but sometime I can't get a hold of her. The only problem with this book is that there's no picture. I highly recommend this to all Laotians "newer generations" who want to cook lao food and all those who enjoy eating lao food ;)

Phia Sing was the Master of Ceremonies and Chef at the royal palace of Luang Prabang. He died in 1967. Phia Sing's notebooks containing these recipes were loaned to Alan Davidson, British ambassador in Vientiane in the early 1970s, by the Crown Prince of Laos. Alan Davidson arranged for their translation and added much useful material explaining Lao foods and cookery. The text is ornamented by drawings, mainly by the Lao artist Soun Vannithone. There are 124 recipes. Some of them also figure in *Fish and Fish Dishes of Laos*, but their range encompasses every aspect of cooking, not merely the fishy bit.

From the PublisherOne hundred and twenty-four recipes as written down by the Master of Ceremonies and Chef at the royal palace of Luang Prabang are preceded by full information about Lao eating habits, utensils, and ingredients.
