She is one of the most talented cake designers out there and she IS "OUT THERE!" lol. This book is written so that someone with basic cake construction, airbrushing and fondant skills can manage to re-create some of the wonderful cakes in the book. Not really written for someone with very basic or elementary cake skills but if you have delivered a few Wedding cakes that have not toppled or collapsed and have your basic fondant skill and would like a bit of a challenge, then THIS book is for you. I love the fact that Debbie Goard has included the templates in a pouch at the end of the book. Debbie, then takes the extra step to tell you what to do to preserve these templates. The

cakes in "TWISTED CAKES" by DEBBIE GOARD can be done. You can't really fail with her instructions, picture tutorials and you can take many, many ideas from how she stages her cakes. Great job Debbie, I can't wait for her next book to come out. 2 of 2 people found the following review helpful. Twisted and very amazing cakes!!! By Chrissy806 I absolutely love this book and can't wait for Debbie to do another one! I have been baking for over two years and had yet to do a cake with structure. I was actually nervous to even try because the thought of drilling holes, screwing rods, and sculpting was intimidating and all new to me. This book has a lot of really cool cakes (really good for Halloween) with very clear step by step instructions/pictures. I did the "scared teddy" cake to start with and was very happy to see how easy it really was! and even happier with the results which I posted under the book images. GREAT BOOK! trust me, you will not be disappointed! 1 of 1 people found the following review helpful. BEST SCARE TACTIC to keep small children from my kitchen By M.A. Ven Not only is this book chock full of creepy cakery tutorials, but Debbie went as far as making templates for you. I keep this book propped inside my pantry in plain sight, so that small children will leave my White Cheddar crackers alone. #GoardFan

A show-stopping cookbook like no other, Twisted Cakes features arresting, eye-catching designs and instructions for creating deliciously, delightfully evil cakes and cupcakes for every occasion. San Francisco cake designer Debbie Goard, whose work has been featured on The Food Network's "Cake Off" challenge, showcases shockingly original designs that range from surprisingly simple to challenging; to appeal to both novice and more experienced cake decorators; for such devilish delights as the Day of the Dead Sugar Skull, the Creepy Clown, the Venus Fly Trap, and the Can of Worms.

From the Back Cover Twisted Cakes subverts sugary sweet cakes and celebration baking to produce designs with a nod to the dark side, all executed with a wicked sense of humor. From eyeball mini cakes for Halloween to a cake that looks like a lamb chop to amaze barbecue guests, there's a daring design for every occasion, including Valentine's Day, weddings, birthdays, and special events. The author of Twisted Cakes, Debbie Goard, is an innovative Californian cake maker who has appeared on The Food Network, has a large internet following, and teaches classes on baking and cake creating to a wealth of eager students. Her instructions are easy to follow, even for the most challenging designs, and the 20 cake designs and recipes featured in Twisted Cakes are each accompanied by full-color photos. Goard's cake-making directions will whet appetites and please novice and experienced bakers. As an added bonus for readers, the back of the book contains a pocket with design templates and stencils to create all of the terrifying cakes, such as the knife shape for stabbed cupcakes and ear and heart shapes for the 'Ears to You Dear' cake. Think of Twisted Cakes as a guide to making unique, creepy, crafts that are hard to look away from. About the Author Californian Debbie Goard's work has been featured everywhere from The Food Network to The Daily Telegraph. Her amazing designs are widely talked about in cake-loving blogs and websites and the Facebook page for her company, Debbie Does Cakes, has over 4,000 fans. As well as private commissions, she undertakes television and corporate work - she created the iPhone cake for Apple's iPhone development and launch team, for example. Debbie also teaches classes in cake decorating.
