Gordon Rock : Ultimate Cake Ball Recipes: Easy and Delicious Cake Ball Recipes before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultimate Cake Ball Recipes: Easy and Delicious Cake Ball Recipes:

2 of 2 people found the following review helpful. Turns out there's also a chocolate covered banana flavored cake ball and it tastes just like the chocolate covered frozen bananaBy T. JohnsonThe wife and I went to a friend's house for

dinner and she had some of these delicious little cake balls, they were strawberry cake balls dipped in chocolate and she said she got the recipe from this book. They were so delicious that I immediately had to purchase this for the rest of the recipes, which of course, my lovely wife has been trying out for me. Turns out there's also a chocolate covered banana flavored cake ball and it tastes just like the chocolate covered frozen bananas at the fair. This is a purchase I definitely do not regret.

2 of 2 people found the following review helpful. I LOVE to make cakes for get togethers. By Nikki Smith I LOVE to make cakes for get togethers. But no one ever knows what an appropriate portion is and someone was always getting left out. This book has literally eliminated that problem for me. I set out portion plates with two cake balls a piece (each recipe makes about 30 cake balls). The cherry flavored cake balls use cherry pie filling and it was DELICIOUS. Such a big hit. I've also made the vanilla butter cream peppermint cake balls and the flavor was so subtle and amazing. The best thing about these recipes is the ability to tweak them to specific tastes. Definitely recommend.

1 of 1 people found the following review helpful. Warning! Recipes require pre-bought cakes/cake mix. No actual cake recipes included. By jaadkins2009 This looked like a pretty interesting cake recipe book. Unfortunately, all of the recipes require store bought cake mix or crumbled store bought cakes. When they said simple ingredients, I expected eggs, milk, oil, etc not chocolate cake mix. The recipes sound good, but would have been a lot better if they had the cake recipes from scratch. I only spent 99 cents on it, but wish it said up front that no cake recipes were included.

Cake is everyone's favorite sweet treat. Whether it's a tea time treat or a scrumptious after dinner dessert, cakes go with every occasion and season. The centerpiece on various occasions, cakes are an important part of our food and our lives. It is no wonder that we have molded our favorite cake recipes to make delicious and fun cake balls. Cake balls are miniature cakes, sometimes served on sticks as cake pops. This innovative way of serving cake is not only convenient but you also have greater freedom to experiment with different cake decoration techniques and designs. Cake balls have all the taste and half the effort and hassle of baking and decorating cakes. The recipes in this book are all easy to follow and make for finger-licking good cake balls. Most of the recipes call for basic baking ingredients that are readily available in every kitchen pantry. You can make these yummy treats on short notice to entertain friends or family or even make a day of it involving your kids in the preparation process.
