It is a well written treasure, and is kept closely by the Bishop Museum Foundation in Hawaii, the keepers of authentic documents and items of Hawaii. Since the Hawaiians had no written language, they retold stories and sustained their history through the hula dances. The Native American Indians often kept their histories within dances as well. Only after we Americans conquered their lovely Hawaiian islands and made them a part of our vast history, did we begin to exploit their culture and riches they held dear. Then, as we still do in large part, ignore their history and turned their hula into a means of entertainment and lust. Oh, we Europeans often miss so much in our arrogance. Spending many years on Oahu as children, my sister and I were fortunate to became expert hula dancers. We immersed ourselves in the colorful culture and aloha, as it was freely shared with us. What a extremely wonderful book.2 of 2 people found the following review helpful. Kindle provides me the best...By SusieQ Kindle provides me the best...I am a Hawaiian Studies student and had this book in hard copy... Needed a Kindle copy to carry around because this is not a book to read cover to cover... There were actually two revised editions on Kindle and I wanted to be sure not to miss anything I might need to know... So I purchased both... The quality and delivery of Kindle products is always excellent and this time was no exception...0 of 0 people found the following review helpful. Five StarsBy circa24Great folk stories and songs. Lends a greater

understanding to Hawaiian spiritual culture

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

From the Back Cover This book is a fascinating account of Hawaii's native dance and the sacred songs that accompanied it. The songs, and poems, presented both in the original Hawaiian and in English translation--a number of them with their music--constitute a ready-made anthology that includes every species of composition in the whole range of Hawaiian poetry.
