Thomas Chi : USA Sushi Menus: Publisher of USA Japanese Restaurants before purchasing it in order to gage whether or not it would be worth my time, and all praised USA Sushi Menus: Publisher of USA Japanese Restaurants:

USA Sushi Menus The main facts in human life are five: birth, food, sleep, love and death. E. M. ForsterHealth food may be good for the conscience but sushi is a social food. You can eat and do business in a sushi business. Before you know it, you paid under \$50 for a client that will earn \$80,000.00 in under a year.I used to get criticized for putting food in books. Now I write books about food, dishes, and ask models to follow me to sushi restaurants for menu covers. Thomas Chi travels the planet on business for his publishing company and wherever he is publishing, there is a sushi bar for doing business. From Las Vegas to Israel, Thomas Chi started photographing dishes for sushi restaurants in the wine country. Now he creates portfolios for the great sushi restaurants in the United States of America.
