Oh - and speaking of oreos, while that brand is vegan, why not make your own? It's in there! You can even have chocolate for breakfast! I mean, it IS one of the major food groups, right? Most of the recipes consisted of things I already have in the pantry or are easily sourced. They seem easy to follow and a few have only 3 ingredients. Read that as something easy you can make when you are having a chocolate withdrawal that doesn't require getting out of your bunny slippers for a run to the store. I just had to try the 3 ingredient brownies - and they were delicious!" - Alicia Taylor"I am so happy to have found this cookbook! I have a major sweet tooth, but because of my digestive issues, I can't be on a semi strict diet to feel good, and one of those food groups eliminated is chocolate. This book gives you recipes for clean desserts that you can enjoy if you can't have dairy or gluten." - Xtine
