**Wes Marshall : What's a Wine Lover to Do?** before purchasing it in order to gage whether or not it would be worth my time, and all praised What's a Wine Lover to Do?:

0 of 0 people found the following review helpful. Excellent Book That Answers Everything Question You Might Have About WineBy Kevin WilsonIf you like wine and want to know more it, this book offers answers to every question imaginable. In fact, as it says on the cover, over 334 different wine-related pointers and tips are offered. It's a nicely produced book, with color photography, maps, charts, wine labels, and of course grapes. I'm a wine drinker, and I became more interested in wine after trips to France and to the Sonoma Valley. I even started a small collection of my favorites. Wine appreciation and collecting turns out to be very interesting. It's fun to learn about what makes a good wine and then use your knowledge and detective skills to find great wines at affordable prices. "What's a Wine Lover to Do?" is a great guidebook to take along on the journey.0 of 0 people found the following review helpful. Concise

Guide To Wine Enjoyment For Novice to Experienced Oenophile By Texas Rancher Surprisingly informative series of short tips about the subtleties of wine selection and enjoyment. So useful, that I bought several for close friends and family! This is not simply a rehashing of wine history, but it actually names names with recommendations one can use in the never ending search for wines to suit every occasion.... without breaking the bank!!! 0 of 0 people found the following review helpful. Wine Lover's Reference By Kechmocash This is a great little guide with a lot of useful information, especially for the wine novice. It has a nice cardboard cover, and sturdy pages so will withstand a lot of wear and tear. It would be a cute hostess gift to go along with a bottle of wine. There is information about wine regions, how to pronounce the different types of grapes and wine types, how to pair wines with different foods, and many other tidbits of information. It is also an easy read. I leave it on the coffee table, and friends often pick it up and read several pages. It's a very good reference book that won't overwhelm you with TMI!

Hundreds of easy-to-scan tips in everyday language let time-starved readers find quick answers. Most people who enjoy wine would like to know more about it, to feel confident in what they like and why, to know the "lingo." Wine lover and writer Wes Marshall helps readers explore the world of wine, offering plainspoken explanations to wine questions that most people have but are hesitant to ask?no question is too simple, no answer too advanced. Like earlier titles in the series, such as the best-selling What's a Cook to Do?, this book offers empowering information in question-and-answer format with pronunciation guides, charts, maps, and step-by-steps?plus the best-bang-for-your-buck wine recommendations from well-known experts. Is Barolo a grape or a place? What do wine scores mean? What about sniffing the cork and which glasses to use? In this newest book in the What's a Hellip; to Do? series, Wes Marshall presents his years of wine experience and insider tips in everyday language that makes wine approachable and knowable.

"Wes Marshall's column is one of the best in the country and is a marvelous guide to wines from all over the world."-- Robert Mondavi (Robert Mondavi ) About the Author The wine columnist for the Austin Chronicle, Wes Marshall also writes for Wine Spirits, Wine Enthusiast, Appellation America, Imbibe, and Wines Vines. In addition, he is a special contributor to the Dallas Morning News and the author of The Wine Roads of Texas; he served as executive producer for the three-part PBS documentary based on the book.
