The lore was quite entertaining to read, I was unaware of most of the facts that were mentioned in this book, so kudos to the author for collecting all those facts and summarizing them into one hell of a book. The historical aspect of this book is what got me hooked to this masterpiece the most, I'm pretty sure that nothing that really matters wasn't left out. At the end, you will find some alluring recipes that will arouse your senses instantly, at least if you've been a long-term fan of whiskeys.3 of 3 people found the following review helpful. This Book is For all of you whiskey/whisky lovers!!By NaderDo you Love whiskey? Do you want to know how the world most famous spirit came about?In this book the author dwells deep into the history of this spirit. The book discusses the Terms "Whiskey/Whisky"; the Difference between them and where they come from.you will learn about the different type of whiskeys's there mixes, and rich history.This book also give you an interesting list of "Things You May Not Know About Whiskey"; which is an eyeopener and is extremely interesting.If you are a big fan of this drink like i am , or simply you want to learn more about whiskey/whisky you owe it to yourself to read this book.Great read!!0 of 0 people found the following review helpful. Things you need to know about whiskey/whiskyBy M.J.This is one of those books that I couldn't put down because it's so good. The reason why I read this book is because I have always wondered why some people love the taste of alcohol very much while me on the other hand cringe at the smell of it. So, I figured that if I know how to be at least "technical" on the ways on how to properly drink whiskey, I'd be able to see the "good" because all I've been seeing are the "bad" and the "ugly". I love how this book was able to make me travel back in time by discussing the history of whiskey. It may not be as detailed as some books are but I love the short and relevant stories that I have read. Well, there are also interesting recipes inside. I'm thinking of making the chocolate cake with whiskey. This may not be one of my favorites, but it's definitely worth the try.

*The Ultimate Guide to the Whiskeys of the World How Much Do You Know About Your Favorite Drink? If you've wondered why whiskey is so popular or what the real difference is between scotch and bourbon this book is for you.
