Dominic Roskrow : Whiskey: What to Drink Next: Craft Whiskeys, Classic Flavors, New Distilleries, Future Trends before purchasing it in order to gage whether or not it would be worth my time, and all praised Whiskey: What to Drink Next: Craft Whiskeys, Classic Flavors, New Distilleries, Future Trends:

1 of 1 people found the following review helpful. Lot's of good information for the new whiskey drinkerBy Charles H. FranceLot's of good information for the new whiskey drinker. Not sure I like the way it's organized with useless graphs that duplicate information from the text and double the size of the book!

As the popularity of whiskey grows, more and more connoisseurs seek to unlock its mysteries and better understand its

myriad styles and tastes. This new whiskey audience, as well as the aficionados, seek quality, variety, and a heritage worth savoring. Carefully researched and with a unique format, *Whiskey: What to Drink Next* takes a systematic, easy-to-understand approach to selecting new brands to please your palate. It covers everything from single malts and bourbons to ryes and blends, from traditional Scotches to whiskies from such diverse locales as Sweden, India, and Texas. Organized by country of origin, each type of whiskey has a guide to its specific heritage and production; three recommended whiskies to try at different prices; and a colorful, graphic "atomic diagram" with cool facts, lists of distilleries, and tasting notes. A "periodic table" helps you decide which whiskeys to try next.
