Will Need a Serious Diet After TheseBy Mary Beth FultzI have a passion for cooking and decided to add this book to my collection after reading the reviews. The recipes look amazing and expensive. My husband is a serious fan of chocolate and I can't wait to make him some of the cakes in this book. The pictures are wonderful and the side bar gives extra informative information. I have about 20 of the Williams Sonoma cookbooks and they are, by far, my favorites. I would recommend the Williams Sonoma Fruit Desserts and Pies and Tarts. I have used them countless times always with success.2 of 2 people found the following review helpful. It has a good selection. No Red Velvet Cake!By sandraI originally chose this book because it had advertised that there were alot of traditional cakes in it.Unfortunately the one I was seeking,Red Velvet, wasn't one.That said,the book is quite nice and DOES seem to have some very tantalizing and relatively easy to prepare recipes in it.I haven't had a chance yet to experience any of them but look forward to doing so and will post further feedback once I do.

Williams-Sonoma Collection Cake offers more than 35 tantalizing recipes, including updated classics as well as fresh new ideas. For elegant entertaining, make an impressive Rolled Chestnut Cream Cake before your guests arrive, then relax and enjoy the party. The many delicious recipes inside these pages will inspire you to tempt and dazzle friends and family alike. A chapter devoted to decorating ideas will help you transform any cake into a work of art. Full-color photographs of each recipe help you easily decide which cake you want to prepare, and photographic side notes throughout the book highlight key techniques and ingredients. In addition, an informative basics section, with tips for both beginning and experienced bakers, makes this book the ideal source to have on hand for creating the perfect cake.
