Jacki Passmore, Chuck Williams, Andre Martin : Williams-Sonoma Savoring China before purchasing it in order to gage whether or not it would be worth my time, and all praised Williams-Sonoma Savoring China:

1 of 1 people found the following review helpful. A beautiful and well written bookBy C. J. ThompsonI have many cookery books from Williams-Sonoma. All are excellent and this particular one is a favorite of mine. This is as much a coffee-table book as it a recipe book as it is filled with truly excellent photographs, not just of the food but scenes from the various regions in China from whence the recipes originate. The visual-travelogue nature of the book should not fool anyone into thinking that it is not also a serious cookery book as well... The recipes are top-notch, chosen very well and easy to follow. There is also a wealth of useful and interesting information provided about Chimese cuisine in

general and the various dishes for which recipes are provided. All in all it is a great book and I recommend it highly.0

book: "Vacant Eden"Excellent cookbook, I own and know the series and enjoy them. The photos help me envision the
dishes and the recipes are wonderful. I cannot work with a cookbook without pictures as I am a visual learner.1 of 1
people found the following review helpful. don't botherBy CustomerNot what I expected. Recipes were not that good.

Part travelogue, part cookbook, the 10th title in Williams-Sonoma's award-winning Savoring-reg; series features
delicious recipes, hundreds of breathtaking scenic and recipe photographs, original watercolor illustrations, and a hand-
drawn map, all capturing the essence of the country's rich heritage and diverse culinary traditions.
