It however is not a book for beginners but for those who know about cake decorating and how to make icing, frosting, etc . Excellent buy.7 of 8 people found the following review helpful. Beautiful cakesBy Nancy RiceI love Wilton's books, i need more information on how to make tier cakes.There's isnt much info on this during the classes.I was hoping this book would help.Its pretty much for someone who has already had quite a bit of experience with these types of cakes.So in that way i was disappointed,however it does have some beautiful cake pictures in it.It does tell you all the tools that you will need for each cake.What tips to use for the designs flowers.I rated this book 4 stars for this,so if you have had experience with making teirs cakes you shouldnt be disappointed.

Tier cakes for weddings, anniversaries, birthdays, bar mitzvahs, celebrations and just for fun!
