Kevin Zraly : Windows on the World: Complete Wine Course before purchasing it in order to gage whether or not it would be worth my time, and all praised Windows on the World: Complete Wine Course:

7 of 7 people found the following review helpful. Windows on the WorldBy Kristen GBasically I had to buy this book for a wine class I was taking at school but so far it has been a great buy! The pictures within it are very clear and Zraly goes into very good detail with the wine. The first section is just an intro and then goes into the popular white wine regions and then the red wine regions. If you are looking to get some background on wine it is a wonderful start. He goes into plenty of detail without being over the top so a good starting place. He also has plenty of pictures of wine labels while also giving suggestions on other book if you are interested in certain regions.If you are looking to learn about the wine regions, this is a great start!0 of 0 people found the following review helpful. Great Beginner BookBy R CompherThis is a great book for anyone interested in learning about wine. The book is broken down into regions of the world and the wines that come from that region. He does a great job of adding interesting trivia in each chapter. There is also a suggestion for a wine to try to get a better understanding of the grape or the nuances of one region versus another region. And a small quiz at end of each chapter just to keep it fresh in your mind. He doesn't review individual wines, but with this book you will have a very broad understanding of wine and have the confidence to walk into any restaurant or wine store and pick out a bottle of wine.1 of 1 people found the following review helpful.

My first and only book on wines
By Customer
You can research any topic on line and find out a lot but I wanted a substantial "go to" source for good info and this is it. I had heard about this book on a TV program called "Spiel the Wine", a pretty good program, so I did a quick review at the local book rack and this seemed the best. So I can't say It's the greatest wine book because I haven't looked at many but this is a great book for a wine beginner (me). BTW, Kevin Zraly has appeared on Spiel the Wine several times and is extremely interesting to listen to - catch him if you have a chance. Kevin says the big three in his life is Music, Wine and Sports. How can you do any better than that?

Now the bestselling--and very best--wine guide available is in a new paper multi-platform edition, enhanced with new video smart phone tags and more than 1,300 key words and wine terms in audio pronunciation files! Kevin Zraly's classic volume goes region-by-region, with the wines organized from simple to complex, and offers sections on Wine Basics, Tasting Wine, Matching Wine and Food, Frequently Asked Questions, the "Best of the Best," and much more.

Praise for Kevin Zraly and Windows on the World Wine Course:
