before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wok Cookbook for Beginners Cooking for One Cookbook for Beginners Ultimate Barbecue and Grilling for Beginners Slow Cooking Guide for Beginners ... Mason Jar Meals (Cooking Box Set) (Volume 7):

0 of 0 people found the following review helpful. 5 in 1, what a bargainBy Sir ByssalittellI have always loved stir fries. But this read now has me feverishly looking for a wok. Especially one of cast iron. And I have cooked for myself since I was 8. But again, this read is loaded with new ideas a different take one cooking for one's self. Or if you have one of those schedules that prevent your your significant other from eating at the same time, or if you have separate tastes in foods, this is a good read. And besides, I love exploring the take on things from others. Keeps on top of my culinary game.0 of 0 people found the following review helpful. great set of booksBy RustyThis is a good set of books they all have some really great recipes in them.0 of 0 people found the following review helpful. excellentBy QuincyIm an amateur home-cook and this little book definitely guides me through the basic stuff. its so simple and straight forward. probably wont be for anyone who's been in the restaurant industry as it only delivers for the beginner level.
