Charles Schafer, Violet Schafer : Wokcraft: A Stirring Compendium of Chinese Cookery (Cooking with a Wok Cookbook) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wokcraft: A Stirring Compendium of Chinese Cookery (Cooking with a Wok Cookbook):

6 of 6 people found the following review helpful. Wokcraft: A Stirring Compendium of Chinese Cookery By Howard C. Culbreth I am a "haole-boy" (Scots-Irish) who lived in Hawaii between 1958 and 1978. During my tenure, I absolutely fell in love the cuisines of the Pacific Rim, and especially Chinese food. From my twenty year experience there and over forty years cooking Chinese food, I can state that for those people who love Chinese cuisine and wish to learn the way to cook it properly, this is the book for you to read. Not only will you learn about the tools and ingredients, but you will also learn valuable techniques used to cook the dishes. Also, one thing that few people know is the proper order in which Chinese dishes should be served so that each dish complements the next. Unlike any other "cook book", this little volume also takes you on a historical journey into China during and after the Second World War through the eyes of a North American who discovers and falls in love with Chinese cuisine. You will enjoy a simple home-cooked meal in a Chinese home and then you will take a trip to Hong Kong to a famous multi-floor restaurant and experience a \$30,000 formal Chinese banquet. Food in the Chinese social structure is paramount in it's importance, and nothing is held back. "Wokcraft" is far more than just a cook book, it is a life experience in the kitchens of China. I could not put it down. Please Enjoy! 0 of 0 people found the following review helpful. This was a gift for my son along with a ... By Wendy L. Morgan This was a gift for my son along with a wok. He enjoys the

writing very much. He said it is very authentic. Arrived much faster than expected. 1 of 1 people found the following review helpful. Wokcraft cookbook By T. Pyle I love this little book. awesomely authentic recipies but more so, stories behind the recipies that make this such an enjoyable read.
