Ben McFarland : World's Best Beers: One Thousand Craft Brews from Cask to Glass before purchasing it in order to gage whether or not it would be worth my time, and all praised World's Best Beers: One Thousand Craft Brews from Cask to Glass:

2 of 2 people found the following review helpful. For beer loversBy Rod81A book with a lot of priceless information, just for beer lovers and I agree with others reviews regarding book title, it is a little pretentious. It'd be perfect just "world's beers".1 of 5 people found the following review helpful. Husband loves this book.By A. BrooksI bought this for my husband as a gift. He loves this book and uses it as a guide when we go shopping for beer. Only complaint is that some of the beers listed aren't that great.10 of 10 people found the following review helpful. Stick with the subtitle!By Michael A. DuvernoisIgnore the "World's Best Beers" part of the title and everyone will be happier (since their personal favorites may or may not be included). Sticking with the subtitle, we have a description of 1000 craft

brews from around the world. They're a well-chosen batch, with many obvious choices, but quite a few smaller bottlings that I had never heard of. And the "from cask to glass" part of the subtitle is on display as well, good information on brewing practices, odd bottles, and also on beer serving and good pairings of beer with food. In many ways, this is a beer version of a book that has been done a dozen times for wine, good wines (some common and some rare), with info on wine varieties, some info on wine making, and then pairing the wines to food. But for beer. Well-written and concise, it's less than 300 pages for 1000 beers. Not quite encyclopedic though.

Raise a pint to the WORLD'S BEST BEERS! This extensive exploration of the 1,000 tastiest brews on earth is not your average guidebook—it's a complete look into the history, production, and flavor of every beer worth drinking. Brewery Profiles take you country-by-country to the finest breweries in places like Argentina, Japan, Germany, Belgium, Britain, and New Zealand, and provide fun facts, stats, and anecdotes. There's even an explanation of which beers go with which foods. Next time you eat shellfish, try it with a Pilsner. Having a hearty stout? It pairs perfectly with some vanilla ice cream. So drink up!

About the Author Ben McFarland is an award-winning beer expert who was voted Britain's Beer Writer of the Year in both 2004 and 2006. He is co-author of Good Beer Guide West Coast USA, and is a regular commentator on ale-related matters for many publications, including Beers of the World magazine, The Guardian, The Times, and London Lite.
