Jade Muriel Chen : Wu-Gu: By Blue Eye Dragon before purchasing it in order to gage whether or not it would be worth my time, and all praised Wu-Gu: By Blue Eye Dragon:

Wu-Gu is all about the Taiwanese dishes that my mum, Jade, would cook for us growing up at home. These dishes have been passed down, as we spent years following her directions in our attempts to make them taste just right. Now these dishes are served at our family restaurant, Wu-Gu, where we pride ourselves on filling our dining room with food we're proud to call our own. Full of delicious and mouth-watering Taiwanese dishes with easy to follow recipes and enticing pictures to help you on your way, Wu-Gu will bring authentic, restaurant quality Taiwanese dishes into your home for you, your family and friends to enjoy. (Jade Muriel Chen)

About the Author
The Taiwanese are Chinese in heart and ancestry, if not politically (to the annoyance of Beijing). Chen's parents are Hakka and Hokkien. The author Muriel Chen spent her teenage years waiting on tables in the family's 300-seat restaurant in Taiwan. Her mum, Jade Chen, is the force behind the menu, which draws from the

mainland, but is the distilled wisdom of the matriarch's 30 years at the wok.
