Debbie Brown : Xtra Naughty Cakes: Step-By-Step Recipes for 19 Cheeky, Fun Cakes before purchasing it in order to gauge whether or not it would be worth my time, and all praised Xtra Naughty Cakes: Step-By-Step Recipes for 19 Cheeky, Fun Cakes:

0 of 0 people found the following review helpful. Fun book By L. Miller Love this book, never made any of the cakes yet but wanted to add it to my other cake books for that special cake. 15 of 15 people found the following review helpful. Naughty fun without being pornographic. By D. Matlack This follow up to "Naughty Cakes" is much on the same thread: suggestive and sexy without being out right obscene. The ideas are fun and flirty and do leave room for personal imagination if you were wanting to do something raunchier, which means you might want to be careful about leaving the book lying about where a young reader might find it. (My 5 year old nephew came across the first book on

a visit, opened the pages at random and wanted to know why there were "pink bubbles hanging out the car windows?") The instructions are easily understood and like all of Debbie Brown's cake books the measurements are in metric but can be figured out easily enough. The pictures in this book are as much fun to look at as planning the event you intend to craft one of these cakes for. Definitely a must for the serious cake addict! 6 of 6 people found the following review helpful. Just so you know By Kristy The Book itself is great, Love it! However I got a good deal on all three books by Debbie Brown (Naughty cakes, seriously Naughty cakes, and Xtra Naughty cakes) and when I got them today I was very upset. They all have different names and different cover pictures, but mostly the same cakes and photos?? Just so you know if you buy one you really don't need all three

First came Naughty Cakes to entice and delight—and now playful bakers with a wicked sense of humor have 19 new, even naughtier temptations to try! Debbie Brown has created a fantastic follow-up to her successful first collection, with wildly imaginative creations sure to get any party—especially a private gathering for two—started. The recipes range from the quick and simple “Saucy Stockings”; to more elaborate designs with molded characters, such as the sexy “Centerfold”; or the racy “Scrub up!” A full-page photograph of the finished cake accompanies the instructions and how-to photos, and an introductory section has basic recipes for cakes, buttercream, icing, and sugarpaste, and some essential techniques.

About the Author Debbie Brown is a well-known, highly respected and experienced cake decorator who runs workshops and cake decorating courses throughout the UK and abroad. She regularly gives demonstrations and is the author of a number of books, including the popular Naughty Cakes (New Holland), Saucy Cakes and Magical Cakes. She lives in Ashford, Middlesex
