I have had it for a couple of years and I have made probably half of all the recipes in it. They are easy and delicious. My family's favorite recipes are: Orange White Chocolate Peanut Butter and Chocolate Blackberry White Chocolate Cookie Dough Cookies and Cream All of the recipes start with cake mixes. Although I personally prefer homemade cakes, I also see the value and convenience of using cake mixes. Cake mixes are more fail proof, and perfect for beginning bakers. When I first started using this book, I always used a cake mix. All of the favorite recipes I listed have been made multiple times exactly as written in the book and they were delicious! Now, I typically use one of my homemade cake batters, but I still use this book for the frosting recipes and flavor ideas. I have altered my standard from scratch chocolate or vanilla cake into different flavors based on the recipes in this book. So even those that don't like using cake mixes, can find great recipes and ideas in this book! The tips and guidelines are great! Perfect for helping anyone learn how to frost cupcakes. Love this book! 3 of 3 people found the following review helpful. Simply well done By Ava N Me I love this book! And, I love it more because it uses a box cake mix as the base for each cupcake. As a busy

mom, I don't have time to prepare the cake from scratch and I really don't notice the difference between box cake and from scratch. Back to the book...it's filled with delicious recipes and a picture for each cupcake. It's organized very well and most of all simple, beautiful and delicious! Great job, Lizzy! 2 of 2 people found the following review helpful. Almost professional like cupcakeBy KMI love love this book! I have had it for a few months. Everything I made from this book have been a huge success! I use a very good quality box cake mix from specialty store. Everyone thinks these cupcakes are at par with those expensive cupcake boutique shops. I have been making for over ten years, with over 20 baking books on the shelf. I find my self going to this one week after week. A pleasant surprise indeed!
