Not for the beginner, but okay for more experienced and those looking for inspiration By scooter123 So, I was excited because part of the selling point for this book was that there were pictures for all of the recipes and that's not true. There are some good photos for some of the base recipes but not all. I was hoping/ thinking this would be similar to jialin tian's cookbooks choux temptations where there are step by step photos showing you how to put it together. I don't necessarily agree with some of the previous reviews where they said there were too many steps or layers in the desserts (Adriano's recipes are very intricate, that's the nature of what he makes and what makes his stuff so amazing). Instead this book could be greatly improved by having photo guides to help take out some of the confusion some may have about how to put them together. My other thing is that make

sure you're okay and comfortable with a lot of the basics, in terms of techniques and methods. Overall I like this book I think its very inspiring, so if you're looking for some fun inspiration and ideas this would be a good choice. If you're just getting into baking or French style pastries and need techniques this shouldn't be your first purchase.0 of 1 people found the following review helpful. Four StarsBy MdflashI finally perfected the Macaron!

The Zumbo Files reveals the recipe secrets of master patissier Adriano Zumbo, dubbed the "Sweet Assassin".This collection of 50 new recipes includes Adriano's latest creations, zonut (his pimped-up croissant-donut), plus some astonishing new flavor combinations for his signature zumbarons (think lavender, thyme strawberry, burnt toast and banana, caramel balsamic). There's also a chapter of savory recipes to round out your pastry repertoire--try the fish chips pie or the pork, earl grey lemon sausage rolls.For the first time, Adriano provides photographic step-by-step instructions for the master recipes in each style of patisserie, deconstructing the process and making these culinary works of art achievable for the home baker.The Zumbo Files is Adriano's third book and his most ambitious yet. Open it up and step inside--it'll blow your mind.

About the AuthorAdriano Zumbo's playful approach to food, far-ranging imagination, and cheeky attitude have made him one of Australia's best known chefs. He opened his first patisserie in in 2007. His appearances on MasterChef Australia have since won him a national following. He is also the author of Zumbo and Zumbarons.
